Dear Said,

On behalf of Golden Bridge Group, I would like to cordially thank you for the time and the effort you spent with our Chinese R&D Management Delegation as well as for the useful information you introduced to them in your lecture. We also owe a debt of gratitude to you and Mr. Peter Pang, Mr. Laurent Roffe, Ms. Sue McKinney, Ms. Pat Hooper, Ms. Christina Ravekes and Ms. Candice Kollar for their kindness in participating in our training program and giving interesting lectures for the Chinese managers. Representing all our delegates, we want to transmit again their sincere appreciation to you and your associates.

The lecture you gave was very helpful to our delegates. Not only these Chinese managers have understand a lot of new knowledge about American economic system and policies, but most important reward to them is that they learned the American "concept" and experiences in business planning, quality management, product development, marketing strategy and related business activities.

Some delegates have expressed that they were greatly inspired from your lectures and would introduce these new business concepts and strategies into their companies in China.

Golden Bridge Group does hope to develop in the near future a possible long term relationship with you and your associates as well as your organizations and work together with you for mutual benefit. If you have any suggestion and ideas coming out regarding our business cooperation, please do not hesitate to discuss with us.

Once again, please accept our heartfelt thanks!

Kindest regards

Chanai Liang
Manager, International Business Development
